## Village Care of New York

Village Care of New York is a community-based not-for-profit organization serving the elderly, persons living with HIV/AIDS and individuals in need of medical and rehabilitation services.

We are proud to celebrate the 20th anniversary of our AIDS Day Treatment Program. This innovative program was the first of its kind and became the model for other HIV/AIDS organizations nationwide. Serving hundreds of individuals each year, this program is a crucial piece of Village Care's extensive Network of AIDS Services.

## St. Paul's Center of New York

St. Paul's Center is a nontraditional, not-for-profit community mental health center whose mission is to provide respectful and consistent care to individuals who suffer from chronic mental illness and who may be at risk for homelessness and incarceration.
